Address: 1-1 Kanda-Surugadai, Chiyoda-ku, Tokyo 101-8301

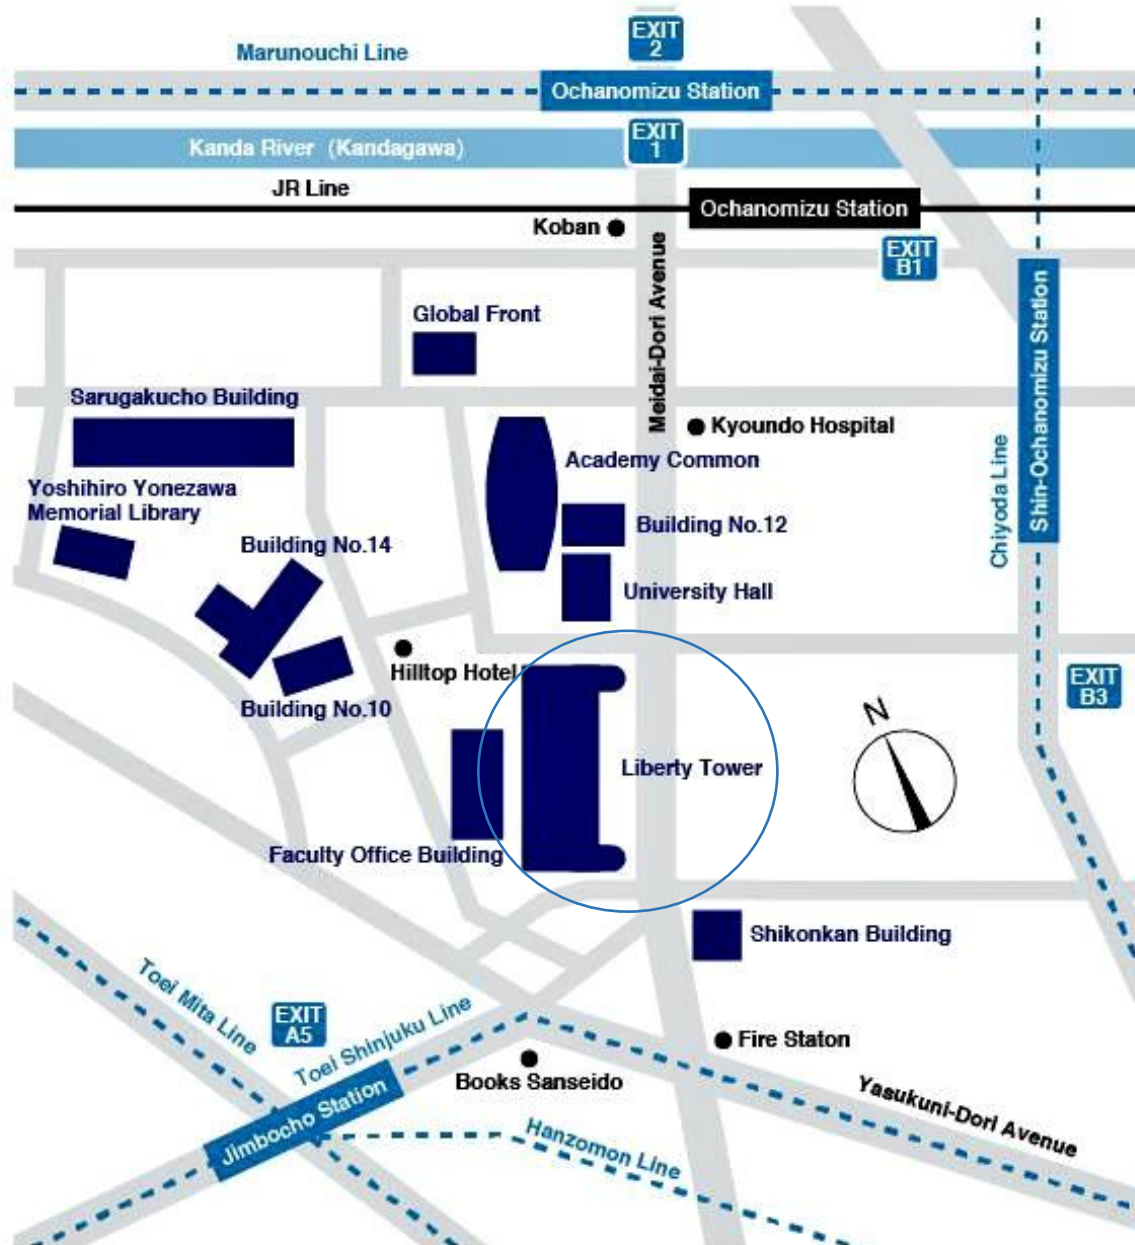

Surugadai Campus is the traditional home to Meiji University. The campus is located in the Kanda Surugadai area which, while retaining a strong atmosphere of a students' town, is located in proximity to Kasumigaseki, Otemachi, and other areas that are home to companies and government ministries and agencies that are pivotal to Japan's politics and economy. The campus houses various educational and research facilities centering around the Liberty Tower, which has become a landmark, and the Academy Common. In January 2013, the Global Front was completed, where liberal arts graduate schools, research facilities, Organization for the Strategic Coordination of Research and Intellectual Properties, and Organization for International Collaboration are gathered under the concept of "a state-of-the-art research cultivation hub that transmits to the world."
